San Benito, TX 78586  
Office: 956-350-4395

March 24, 2020

Dear valued customer,

As you have likely heard, Cameron County and others here in South Texas have issued shelter-in-place orders, effective mid-night March 24, 2020, that require the closing of all non-essential businesses. We wanted to assure you that as a supplier to the food, pharmaceutical, chemical, water, and transportation & logistics industries, we are considered an essential business and will continue operations. CISA guidance regarding critical infrastructure workers (see chart on page 2).

During this time, it is our goal to operate as normally as possible while taking additional precautions to protect both you and our employees. Many of our employees who are able to work from home are doing so following the social distance guidelines. We are utilizing our technology to work as we need to accomplish our day to day operations. All equipment that comes into our facilities to be serviced or calibrated is being cleaned and sanitized both when it arrives and before we send it back to you.

These are just a few of the proactive steps we are taking to help slow the spread of coronavirus. We thank you for your business during this time and want you to know that we are here to support you as you continue to provide critical services and products to your customers.

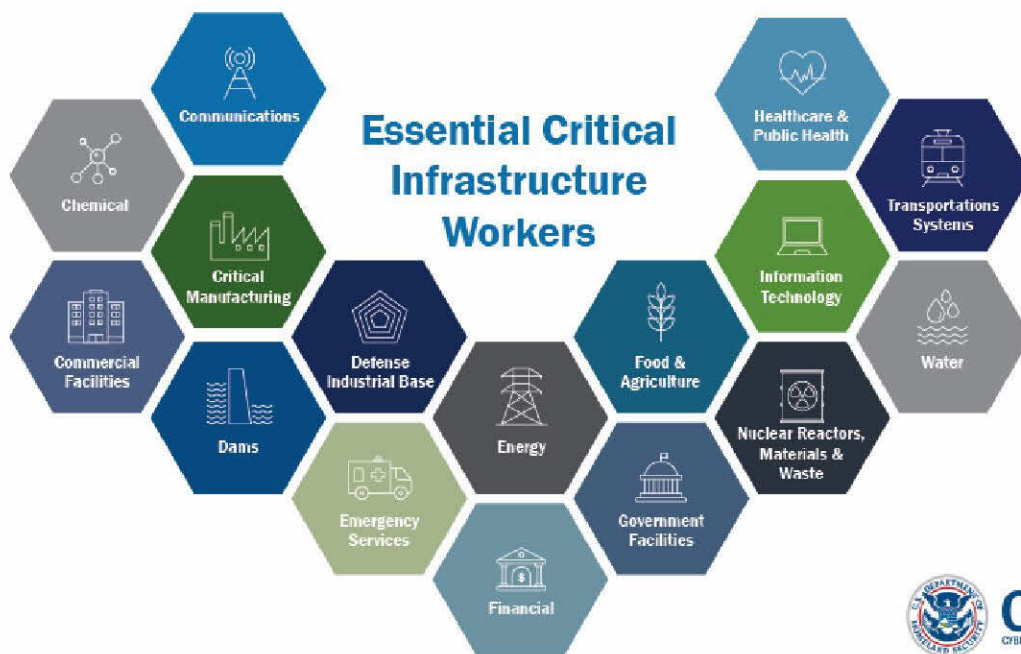

Sincerely,

Aaron J. Voreis  
General Manager / President
